

Make your own Bat puppet

- 1 **Print** this sheet and **stick** it to one side of a **cereal box** or some **card**.
- 2 **Cut** out all the shapes and **make holes** through the red and yellow dots.
- 3 **Match** the red dots on the wings to the red dots on the body and fasten with a string.
- 4 Loop a new long piece of string trough the yellow hole and knot into place.
- 5 Punch a hole on the top of the head and faster a piece of string so you can hang your bat puppet. Pull the strings to make your **bats fly** !
